ADITYA PRAKASH PANDEY

Software Developer

Email: adityapandey03012003@gmail.com
Phone: +91-9120284291
Linkdin GitHub

Software Developer with **2+ years** of experience in **web application** development, **frontend** and **backend** development, and **third-party API integrations**. Proficient in **JavaScript**, **React.js**, **REST APIs**, **SQL**, and database management, with knowledge of **C#**, **ASP.NET Core**, and **Shopify development**. Experienced in building responsive web applications, developing API-driven solutions, **automating business workflows**, debugging, and **performance optimization**. Focused on delivering **scalable**, **reliable**, and maintainable software solutions.

SKILLS

- **Frontend Development :** HTML5, CSS, JavaScript, React.js, Redux Toolkit, Bootstrap
- **Backend Development :** C#, ASP.NET Core Web API, Entity Framework Core, LINQ
- **APIs & Integrations :** REST APIs, GraphQL, Webhooks, Third-Party API Integration
- **Database :** MySQL, MongoDB, Firebase
- **Platforms :** Shopify, Wordpress
- **Tools & Testing :** Git/GitHub, Postman, VS Code, Codex

WORK EXPERIENCE

Software Developer
OWY Technosys Pvt Ltd
Surat, Gujarat, India
Oct 2024 - Present

- Developed and maintained **integration solutions** connecting multiple accounting platforms, including **Tally**, **Zoho Books**, and **Busy**, enabling seamless financial **data synchronization** and **automated business workflows**.
- Designed and implemented scalable **REST API integrations** to facilitate secure data exchange between **accounting systems** and **third-party applications**, improving operational efficiency and **reducing manual effort**.
- Contributed to **Shopify app development** and **integration** projects, building features for order management, **inventory synchronization**, and business process **automation**
- Collaborated with **cross-functional** teams to analyze business requirements, **troubleshoot integration issues**, and deliver reliable software solutions in **agile development environments**.
- Performed **debugging**, **testing**, and **performance optimization** of web applications and integration services to ensure stability, reliability, and a highquality user experience.

Software Developer Intern
Oasis Infobyte
Remote
Nov 2023 - Jan 2024

- Worked as a Software Developer on a **Hotel Property Management System (PMS)**, developing responsive and user-friendly interfaces using React.js for hotel operations and management.
- Integrated **REST APIs** to manage dynamic hotel data, streamline operational workflows, and improve overall **system performance** and **usability**.

PROJECTS

Accounting Software Integration - React.js, Redux, REST APIs

- Developed **reusable frontend modules** for **integrating** accounting platforms, including **Tally**, **Zoho Books**, and **BUSY**.
- Implemented **Redux Toolkit state management** and REST API integrations to support financial data **synchronization** and **automate accounting workflows**.

Learning & Assessment Platform (SkillForge) | React.js, Redux, C#, ASP.NET Core Web API, EF Core, MySQL

- Developed a **learning platform** supporting **course management**, **student enrollment**, **assessments**, and **progress tracking**.
- Built RESTful APIs using **ASP.NET Core Web API** and **Entity Framework** Core to manage course data, assessment submissions, and learner progress.
- Implemented **Redux Toolkit** for **centralized state management** and integrated frontend components with backend APIs.

Team Collaboration & Meeting Platform (MeetSpace) | React.js, Redux, C#, ASP.NET Core Web API, MySQL

- Developed a **collaboration platform** for **meeting scheduling**, **team availability** management, **shared agendas**, and **action-item tracking**.
- Implemented backend APIs for meeting management, **scheduling validation**, and **role-based access control** using ASP.NET Core Web API.
- Integrated React.js components with REST APIs and Redux Toolkit to manage application state and provide a responsive user experience.

MenuSync(Shopify App) - PHP, React.js, Shopify APIs, GraphQL, REST APIs | LINK

- Built and maintained a Shopify app for order management and **product synchronization** using **Shopify REST and GraphQL APIs**.
- Developed responsive **React.js UI components** to streamline merchant operations and improve usability.

School Management Portal | WordPress, PHP, Custom Plugin | LINK

- Customized a **WordPress theme** for a school management portal, tailoring layouts and **administrative workflows** to client requirements.
- Developed a custom **WordPress plugin** for uploading and viewing Transfer Certificates (TC) for students and staff.

EDUCATION

Dr. A. P. J. Abdul Kalam Technical University, Lucknow
BTech - ComputerScience&Engineering
August 2020 - July 2024
CGPA: 7.99

12th - UP Board
Science Stream
April 2018 - March 2020
70.16%
